

Earn Badge Requirements for Theatre: Discount Theatre Tickets and Q&A for Scout Troops at the Cultural Arts Center in Silver Spring!

Come join us for a scifi adventure at the Montgomery College Cultural Arts Center this fall! **Voytto Tech: a scifi fable** combines science and technology with a story exploring the tough topics of bullying and social inequity. Klipp Casey travels from a planet far, far away to study at Voytto Tech, the most famous science magnet school in the galaxy. Right away, Klipp has trouble fitting in at his new school, and becomes a target for bullying. What can Klipp do? Who can he go to for help? And what can anyone do about the huge energy crisis threatening the planet?

This highly interactive play is performed by three actors who become a variety of characters. The entire audience participates from their seats, becoming characters in the story and brainstorming possible solutions for Klipp's problems. No play can or should offer an easy solution to the complex problem of bullying and social inequity; **Voytto Tech** offers kids and families an opportunity to open up dialogue about these complex issues, in an engaging and interactive way.
