## E-Learning Training Available on My.Scouting Tools! National 08/11/2015

E-Learning training courses are now available to take online on my.Scouting Tools. Training courses can be found by selecting the Home button in the upper left corner, then My Dashboard in the menu list. It will default to the My Training section which was also enhanced providing 4 new tab selections:

**YPT** – displays the Youth Protection training courses available.

**Training Center** – displays the Scouting programs containing the training courses applicable to the specific program.

**Requirements** – displays training courses required to become position-trained for your current registered position(s).

**Completions** – displays training courses that were completed.

The training videos are the same ones that are currently available on the legacy [myscouting.org](http://myscouting.org) site. We will eventually remove link to E-Learning from legacy [myscouting.org](http://myscouting.org) in the coming weeks.
