

National Capital Area Council

NCAC 5 Year Strategic Plan, 2015 update, For FY15

Executive Summary w/Progress Created by OnStrategy

MISSION STATEMENT

The mission of the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

VISION STATEMENT

The vision of the National Capital Area Council is to be recognized in our communities as providing the premier youth program of youth fitness, environmental stewardship, and values-based leadership development; in short, to become "*The Council with Impact*"; preparing young people for life.

CORE VALUES

We adhere to the Scout Oath and Scout Law:

The Scout Oath:

On my honor I will do my best to do my duty to God and my country and to obey the Scout Law; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight.

The Scout Law:

A Scout is Trustworthy, Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean and Reverent.

COMPETITIVE ADVANTAGES

We offer a unique program which addresses physical, mental, and moral development second to none.

We are the only charitable organization in the USA specifically chartered by the US Congress to develop citizenship in our nation's youth. We take that mandate seriously by providing fun, exciting and challenging programs for boys ages 7-20 and girls ages 14-20 in all socio-economic strata of American society. These programs, centered on the outdoors, provide our youth opportunities to learn about themselves and the world around them; the challenge of making good decisions--and living with the results of those decisions; learning to be team players; developing leadership skills; being good neighbors; and becoming constructive members of American society. .

ORGANIZATION-WIDE STRATEGIES

We will continuously develop programs, which attract today's youth from all corners of our Council and raise funds to support those same programs.
