

Shooting Sports Calendar

National Capital Area Council

September 2019

The shooting sports committee uses this calendar to keep track of those shooting sports activities in the National Capital Area Council, Boy Scouts of America above the unit level. It is a compendium of dates of Council camp, District camporee, training, Order of the Arrow, etc. activities that have a shooting sports component to their program. It is not a list of local unit shooting sports needs.

If your district or council activity plans a shooting sports component and it is not listed in this calendar, please direct inquiries and comments on the website to the NCAC Shooting Sports Committee Webmaster “ncacsscwebmaster@gmail.com” who will direct the inquiry to the Committee Chairman. If your troop, team, ship, crew or post is looking for qualified and certified help with a unit activity, the shooting sports committee has compiled lists of NRA and USA Archery certified instructors and shooting venues located in the council or nearby. **Cub Scouts may only participate at District and Council sponsored activities, and NEVER as a Pack or Den activity.** The committee has also developed a how to do shooting activities in your unit or district information booklet. All this information is posted on the Shooting Sports webpage on the NCAC website:
