## The Aims of Scouting

*From Scouter Mom | Published: October 14, 2010*

It is important to remember why we are doing this.

It is so easy to get distracted by trying to get things organized for the next camp out or den meeting. Or the parent who doesn't understand the difference between Cub Scouts and Boy Scouts. Or those who aren't pitching in. Or the personalities not working well together

Refocusing on the Aims of Scouting will help us push the distractions aside and stay positive in our efforts.

## AIMS OF SCOUTING

The Boy Scouts of America enumerates three aims of Scouting – Character, Citizenship, and Fitness.

Character development is probably the most recognized of the three. When the public thinks of a Boy Scout, hopefully they are picturing a young man who is willing to help others and follows the points of the Boy Scout Oath and Law. The same should be true for Venturers and Cub Scouts. Scouting helps young men and women develop confidence, independence, and skills. They adhere to their own religious beliefs while respecting the beliefs of others. They are honest and trustworthy.

Citizenship training benefits our nation and our communities. Cub Scouts, Boy Scouts, and Venturers learn to take pride in our national heritage. They understand how they fit into the larger community. They understand the importance of taking care of the environment for the benefit of everybody. They put others before themselves by organizing and participating in service projects.

The third aim is fitness. This includes mental and physical fitness. This enables them to enjoy full, rich lives. Physical fitness is encouraged through sports and outdoor activities. Scouts also learn about the importance of eating right and taking care of themselves. They promise to stay away from drugs, alcohol, and other substances which can harm themselves or others. They strive to do their best in their studies and be mentally alert. They learn to think before they act so they can make good decisions.

### Spring Camporee

150 years ago the bombardment and surrender of Fort Sumter (April 12–13, 1861), near Charleston, South Carolina, was the event that started the American Civil War. Between 1861 and 1865, Americans made war on each other and killed each other in great numbers only to become the kind of country that could no longer conceive of how that was possible. What began as a bitter dispute over Union and States' Rights, ended as a struggle over the meaning of freedom in America. At Gettysburg in 1863, Abraham Lincoln said perhaps more than he knew. The war was about a "new birth of freedom."

As a remembrance of those years the District's camporee this year will be themed "Blue and Grey." Patrols will be assigned to either the "Blue" or the "Grey" army and during the day patrols will proceed along a loop trail of stations. At each station the Scouts will learn about the life of the Civil War soldier as they compete head to head with an "enemy" patrol. Many stations will require your best Scout skills, other will reward Civil War military prowess or athletic ability. Still others will be just-for-fun games.

**When:** April 29 – May 1, 2011-02-24

**Where:** Blue Ridge Center for Environmental Stewardship, Neersville, VA

**Cost:** \$17 per person

**For more information:** An information/registration is available on the district website or you can email [GCCamporee@verizon.net](mailto:GCCamporee@verizon.net)

## Cubmobile Derby

What do you have when you make a Pinewood Derby car big enough for a Scout to sit in? A Cubmobile! The district is planning to hold our first Cubmobile Derby on May 7, 2011 with the hope of making this an annual event. We have a nice gentle, paved slope all lined up for the race and now we need dens to build cubmobiles to race.

Dens will race as teams with a minimum of three and a maximum of five Scouts per team. Dens with six or more Scouts participating will need to register as two, or more, teams. Teams from the same den, however, will be allowed to use the same cubmobile if they want to. Every Scout on a team will be given a chance to race their cubmobile down the course.

Derby fee is \$6 per Scout and all teams must pre-register with an \$18 deposit (i.e., the fee for three Scouts). A full information/registration packet and instructions on how to build a cubmobile is available on the district website's Cubs section.

In order to hold this derby we still need some adult volunteers to help in running the event. If you would like to be a volunteer please send an email to [GCCubEvent@verizon.net](mailto:GCCubEvent@verizon.net)

## Required Training for Scoutmasters and Assistant Scoutmasters

Starting with our next rechartering (which must be turned in by December 2011) all direct contact leaders (i.e., leaders that work directly with the Scouts) must be fully trained. This means that **ALL** Scoutmasters, **Assistant Scoutmasters**, Team Coaches, Assistant Team Coaches, Venturing Advisors, and Assistant Venturing Advisors that have not already taken Boy Scout Leader Specific training **and** Introduction to Outdoor Leader Skills (IOLS) **will not be allowed to keep their position!** Since one reason that leaders often give for not completing training is that they are too busy we strongly suggest that they start clearing their calendars now in order to attend the appropriate training sessions.

Boy Scout Leader Specific training (formerly SM/ASM Specific Training) is an indoor session that usually takes about 9 hours. District training dates for this are May 7, October 1, and October 14.

Introduction to Outdoor Leader Skills (IOLS) is the required outdoor training and does involve an overnighter. The skills taught are based on the outdoor skills found in *The Boy Scout Handbook*. The course focuses on skills that build confidence and competence in leaders conducting outdoor camping experiences. District training dates for this are May 14-15 and Oct 15-16.

**For more information:** Check the district website for updated training information.

## Spring/Summer Join Scouting Night

### Thinking of holding a Spring/Summer JSN?

This is not mandatory for you to do, however it could be very helpful in catching some of the boys before they get committed to other activities in the fall. A few Units have decided to hold a spring JSN and if you would like to communicate with one of those Units regarding how it went, lessons learned, etc. just let the District's JSN committee know.

If you are planning to hold such a spring / summer event then you may want to assess what you need. We have packets of documentation for you that will be provided at training, but you may need them sooner if you are holding a spring event.

Keep in mind that all on-school campus events need to be approved by the school Principal and that while there is a BSA District arranged date with the schools for the fall, you still need to touch base with the Principal.

## Scouting's Journey to Excellence Program

Scouting's "Journey to Excellence" is the new performance measurement and recognition program that replaces the Centennial Quality program. Its goal is to align performance to maximize results in key performance areas that are directly related to producing a successful, growing, and sustainable Scouting program (such as membership retention, financial strength, camping, and advancement).

One very important thing to do is to **EVUALUATE YOUR UNIT NOW USING THE CRITERIA!!** See where your unit stands now and where you could possibly earn a higher score with a bit of planning. Also you should be aware of some of the specific requirements and/or deadlines in several of the criteria. For instance, check the wording for service projects and you'll find that at least one must be done for your chartering organization. You could do enough service projects during the year to qualify for gold, but if one isn't for the chartering organization you get zero points!

In addition the Journey to Excellence service hour website will replace the Good Turn for America website for recording service hours. If it's not recorded there you can't count the hours.

**For more Information on this program:**

## National Youth Leadership Training (IMPEESA)

NYLT (Impeesa) is the National Capital Area Council's presentation of the National Youth Leadership Training. The objective of our NYLT program is to equip our young people with leadership skills to help them succeed in their Troops and in LIFE. NYLT brings together boys from all over the Council to learn and practice the leadership techniques in a risk free, scout friendly environment. The Scouts learn and practice leadership skills and styles together.

While it remains the responsibility of the Scoutmaster to train his troops' leaders, this course is designed to supplement the Scoutmaster's role in the training process. NYLT skills build on the fundamental leadership skills presented in the Troop Leadership Training program in their home troops.

NYLT is a six day course taught over two weekends or as a week long course. Scouts are organized by patrols and presented Scouting at its best in an IDEAL outdoor setting. The course will be held at Camp Snyder, Haymarket, Virginia.

The latest NYLT information and an application can be found at on Council web site under the Training menu. You can also contact the course staff at [IMPEESANCAC@yahoo.com](mailto:IMPEESANCAC@yahoo.com) if you have any other specific questions or need more information

## For the First Aid Kit

A fairly recent development in first aid is the Israeli emergency medical bandage. It combines a sterile dressing, elastic wrap and a pressure bar to make a fast and easy to use trauma bandage. The long tail can be configured in various ways to hold the bandage in place or to immobilize the limb, plus it can be configured into an improvised tourniquet. Applying the bandage is quick and easy, much less finicky than applying and wrapping a traditional dressing. The bandage comes in 4" and 6" for around \$5-\$11.

Originally developed by the Israelis for military use it comes highly recommended from military medics and civilian paramedics.

The bandage is available from [www.Amazon.com](http://www.Amazon.com) and [www.Chinookmed.com](http://www.Chinookmed.com) (search for 'Israeli bandage').

## SAT/ACT Software Available to Scouts

In alliance with the Boy Scouts of America, eKnowledge is offering SAT and ACT test prep programs valued at \$200, free to Boy Scout families. The eKnowledge Sponsorship Alliance is made up of educationally focused foundations, as well as a group of professional athletes from the National Football League and Major League Baseball that includes Warrick Dunn and Chipper Jones. The eKnowledge Sponsorship Alliance has provided more than 120,000 SAT/ACT prep programs to families all over the United States.

Now in its fourth year, the eKnowledge Sponsorship Alliance has donated more than \$26 million of SAT/ACT test preparation programs. In response to the donation, eKnowledge has received more than 40,000 thank-you letters from those who have benefited from the test preparation programs. The PowerPrep™ program helps prepare students to take the exams and increases student confidence, which can result in higher test scores and thousands of dollars in scholarships.

eKnowledge recently announced the arrival of the new v6x SAT/ACT PowerPrep™ software; v6x was in development for more than two years at a cost of \$1.5 million. It includes more than 20 hours of video instruction, 3,000 files of supplemental test prep material, thousands of interactive diagnostic tools, sample questions, practice tests, and graphic teaching illustrations. The new PowerPrep™ v6x software is Mac- and PC-compatible.

**Families interested in obtaining the FREE \$200 v6x SAT/ACT PowerPrep™ Programs may order online at [www.eknowledge.com/bsa](http://www.eknowledge.com/bsa) or by calling 951-256-4076.**

There is a fee of \$13.84 (per standard program) which enables eKnowledge to provide technical and customer support, registration, licensure, processing, handling, and worldwide shipping. This nominal fee allows the sponsorship alliance to continue helping thousands of students each year.

## A Question on Lifesaving Merit Badge

**Does a Scout have to earn Swimming merit badge before he can go for Lifesaving?** (from [www.NetCommish.com](http://www.NetCommish.com) AskAndy)

For many years Swimming was indeed a prerequisite for Lifesaving and both merit badges were Eagle-required (with no alternatives). But since there are now alternatives to Swimming (just as there are for Lifesaving), this merit badge is no longer mandatory in order to earn Lifesaving merit badge. Lifesaving will, nonetheless, expect that the Scout has completed both the Second and First Class rank swimming requirements (7a-b-c and 9a-b-c, respectively) plus be able to swim 400 continuous yards in a strong manner demonstrating crawl, side, breast, and elementary (resting) back strokes for at least 50 yards each. (Contrary to popular belief, a "CPR card" isn't necessary, although there are several CPR-related requirements.)

## On-Line Resource of the Month

Scouts and Scouters will find the Summit's new Internet home (<https://summit.scouting.org/en/Pages/default.aspx>), launched on Feb 9, a great place for up-to-the-minute information about BSA's fourth high-adventure base and the home of the 2013 National Scout Jamboree and 2019 World Jamboree.

Here are some of the site's highlights:

- Registration for the 2013 National Scout Jamboree will open in late spring. The event will be held July 15-24, 2013, and it's open to First Class Scouts (or higher) who are at least 12 by the first day of the Jamboree and haven't turned 18 by the last day.
- Do some Scouts in your unit know their way around a computer? Then suggest that they apply for Patrol Z beginning March 1. Patrol Z is a group of Scouts who will share stories, photos, and videos about Scouting.
- The Shape the Summit Survey is your chance to speak directly to the base's planners.

## Training Opportunities

### Wood Badge

Wood Badge is designed to meet the advanced leadership needs of all Scouters, in all leadership positions for the BSA. The Wood Badge course incorporates the traditions of over 80 years of Wood Badge, while adding the management and leadership training necessary to become a successful leader in the 21st Century. Wood Badge is more than a classroom; it's entertaining, fun games, hands-on projects, team building, and inspirational events. You will come away with an appreciation of Scouting's heritage, as well as a vision of the role you will play in its future, and the impact you will make on the youth in your own unit, the district and our council. Participation in this course will provide skills to help you achieve success in other aspects of your life or in your career! The course starts with a 2-weekend, fun-filled practical training period where the Scouter lives as a member of a team progressing through Scouting, and learning the skills of leadership. The outdoor experience is followed by a period of up to eighteen months during which the Scouter applies the skills learned during the practical experience in his or her Scouting position – at the unit, district, or council level. Through this period, each Scouter is assigned a counselor who acts as a resource, evaluator, and Scouting mentor to assist the participant in putting into action those points discussed during the course. This is demonstrated by the process known as working your ticket.

#### **Prerequisite Training for Wood Badge:**

Complete the basic training courses for your primary Scouting position. Cub Leaders must have completed New Leader Essentials and the position specific training for their position. Boy Scout and Varsity leaders must have completed New Leader Essentials, their position specific training as well as Introduction to Outdoor Leader Skills. Venture advisors must complete New Leader Essentials, their position specific training and Introduction to Outdoor Leader Skills. Other unit, district, and council leaders must complete New Leader Essentials, plus their position specific training (e.g. Committee, Commissioners, District Chairs, or Council Chairs, ?)

## NCAC Powderhorn 2011

Scouting leaders want to provide challenging and fun outdoor programs to meet the needs of their older youth members, but may lack the knowledge and/or resources to do so. Powder Horn responds to this problem with an exciting training opportunity that exposes Venturing, Boy Scout, and Varsity adult leaders to a wide range of outdoor, high-adventure activities. Powder Horn provides its participants with valuable resources and contacts to assist leaders in delivering the promise of Scouting's high-adventure experiences to our youth.

Powder Horn is based on the requirements for the prestigious Venturing Ranger Award. This award requires demonstrated proficiency in a challenging set of core and elective topics. During the course, presentations on Ranger topics are made by knowledgeable consultants with demonstrated skills and certifications, as appropriate. They demonstrate the skills required and explain where resources, such as equipment, facilities, guides, instructors, and certifications which can be obtained locally. Most of the presentations involve actual hands-on experience by the participants, including, shooting (pistol, rifle, shotgun), archery, kayaking, canoeing, sailing, fly fishing, mountain biking, SCUBA, land navigation, Leave No Trace, Project COPE, and much, much more.

Many participants report that they picked up a new hobby as a result of a Powder Horn class.
