Other skills or experiences that would be helpful as a Jamboree Troop Leader (Jamboree First Assistant Scoutmaster handles Program and Second Assistant Scoutmaster handles Logistics/Equipment):

Physical Fitness

All Jamboree participants should be aware of the requirement to be physically fit for strenuous activities, particularly due to the need to walk extensively in high temperatures and high humidity during the Jamboree. The BSA will require a thorough medical exam for each participant.

Will you get a restriction-free, doctor-executed BSA Annual Health and Medical Report covering the dates of the 2023 Jamboree in sufficient time to submit it for Jamboree review and approval prior to the event? (state yes or no) _____

Scouting Outlook

Tell us about yourself.

Why do you want to be an adult leader in a Jamboree troop?

What's in the Jamboree experience for you?

How does your home troop implement the patrol method? (Looking for PLCs and similar operational ideas)

How would you implement the patrol method in a Jamboree troop?

How does your home troop organize patrols? (by age, new scout patrols for a year followed by mixed age patrols, mixed age patrols)

What is your role, not your title, in your home troop?

Talk about your past experience as a high adventure advisor.

How would you envision the adult leadership functioning in the Jamboree troop?

I understand that serving as a Jamboree leader requires a commitment that may require me to re-prioritize all of my scouting activities. If selected, I promise that I will participate enthusiastically in all of the pre-Jamboree Troop meetings, the full ten-day Jamboree (to include travel with the Troop to and from Summit), and the shakedown overnight campout prior to the Jamboree. I further promise that I will complete all of the duties associated with my selected position. My leadership in this Jamboree will be my first scouting priority.
