

#ADVENTUREON!

We will change what you think of Scouts ...

Scouts BSA is not the same as younger kids walking around in blue uniforms in elementary school. The Scout BSA program is different.

YOU get to decide the program NOT the adults.

You can try new things and experience careers with Merit Badges.

Camping and outdoor activities happen every month.

Summer camp for a week offers activities like ATVs, swimming, motorboating, climbing, high ropes, welding, kayaking, canoeing, sailing, sculpture, automotive maintenance, wilderness survival, animation, digital technology, robotics, engineering, and game design.

After 8th grade, you can go on high adventures like canoeing and trekking at Lenhok'sin; sailing and island living at SeaBase; skateboarding, climbing; and ziplining at Summit; canoeing and portaging at Northern Tier; and hiking the Rocky Mountains at Philmont.

Scouting can fit into your schedule with other activities, such as sports. Scouting is year-round.

Earning the highest rank of Eagle Scout can help you get into colleges and get scholarships.
