THE DEGREE PROCESS

General Degree Guidelines

- A scouter who attends the University of Scouting is strongly encouraged to pursue a degree. You may take courses from any College at any level and from the list of Elective courses. To attain a degree in one of the Colleges, however, the requirements outlined below must be met. Note: no degrees are conferred by the College of General Studies.
- The course levels (Level 100, Level 200, etc.) of all Colleges are shown to identify the complexity of the course. Generally, we recommend that students take Level 100 courses before Level 200 courses and Level 300 courses before Level 400 courses, etc. because courses are logically more sophisticated, progressive and/or specialized as the level increases. However, we leave it to each scouter to determine what courses to take at any level. Coursework may not be credited towards more than one degree at the same time.
- > The College Dean is the approving authority for conferring degrees. Please contact the Dean if there are any questions on degree requirements.

COLLEGE OF CUB SCOUTING

2024 NCAC University of Scouting

Welcome to the College of Cub Scouting and thank you for your service as a Cub Scout leader. Without your vital contribution of time, effort, energy, and heart, the delivery of a fun, meaningful, and rewarding Cub Scout program to our youth would not be possible.

CUB SCOUT PROGRAM CHANGES – INFORMATION/ORIENTATION SESSION

A number of significant changes to the Cub Scout program are coming effective on June 1. On that date, all Cub Scout packs nationwide are to adopt and implement these changes in their delivery of the Cub Scout program. We are notifying Cub Scout leaders of these changes now so they can prepare for the June 1 effective date, and incorporate them in their annual program plans for the 2024-25 scouting year. Accordingly, at this year's University, there will be a Cub College-wide information session covering these coming program changes. This session will take place in Period 1, 9:10 – 10:00 AM, in the middle school cafeteria. There will be no other Cub College courses offered during Period 1. All scouters registering for or toward degrees in the Cub College will receive one course credit for attending the information and orientation session.

Please note the Cub College curriculum for the remaining course periods will not reflect the coming program changes. Please be aware your Cub College instructors in Periods 2-5 will not have any more information about the Cub Scout program changes than you received in the information/orientation session.

CUB COLLEGE COURSE CURRICULUM (PERIODS 2 - 5)

Before you read the Cub College course listings, we'd like to explain a little bit about the nature and perspective of Cub College courses, because they are a little different than the supplemental training classes you might have taken at other training venues. Most such classes are presented from a mechanical perspective, in that its focus is to give you the immediate "how-to" practical knowledge necessary for running meaningful, successful, fun, and exciting den and pack meetings and outings, while making the best and most efficient use of your time, talents, and energies. The University of Scouting Cub College differs in that it has not a mechanical, but a philosophical perspective. To appreciate this philosophical perspective, think of the Cub College as akin to an experienced hiker taking periodic compass bearings in the woods. He might have all of the right gear in his pack, he might have acquired all of the knowledge needed to hike and camp in the woods, his walking techniques might be optimized to conserve energy, but none of that really matters if he is walking in the wrong direction. In Cub College classes, we offer insight into the direction of your "travels" through the Cub Scout program. What are you as a Den Leader, a Cubmaster, or a Committee Member, trying to achieve in the Scouts in your charge? How can you understand your growing Scouts as they advance in rank, so you can meet their needs? How have others tailored their Cub programs to meet Scouting's overall goals and objectives? How do you know when your program is succeeding, or when you need to adjust to make the Cub Scouting experience better and more meaningful? Answers to these questions – and many more - can be found here in the Cub College!

In addition to Council-wide events, Districts offer monthly Cub Scout leader Roundtables as well as more specific, targeted training sessions such as BALOO, in addition to Cub Scout Leader-Specific Training. You, the Cub Scout leader, should take advantage of all training options available to you – they offer you immediate help, answers to questions, ideas, additional capabilities, and a broadening perspective.

So again, welcome! Please read over the course descriptions, select those classes of most value and interest to you, and we look forward to seeing you at the University!

2024 NCAC University of Scouting

COURSE LISTINGS

100-level courses in the Cub College are fundamental courses addressing the nature of the Cub Scout and den and pack program planning and operation. These courses provide information useful to all Cub Scout leaders regardless of experience.

200-level courses address more specialized topics, including topics concerned with committee operations as well as den and pack activities, providing guidance and context for Cubmasters, Den Leaders, and Committee Members, as well as expounding further on topics initially addressed in 100-level courses.

300-level courses concern management of the pack program to meet Cub Scout objectives, evolution of Cub Scouting principles, further considerations regarding the nature of Cub Scouts and Cub Scout needs, and specialized topics illuminating the purpose and direction of the Cub Scout program.

400-level courses focus on quality trained leadership, program delivery, and program evaluation to provide the best possible Cub Scout experience.

The levels are not intended to literally correspond to a registrant's year of attendance in the Cub College, but rather to provide general guidance as to likely interest based on a Cub Scouter's current position and level of experience. For all Cub Scouters new to the Cub College, we strongly recommend you consider taking the courses CUB100 and CUB101 in your first year. These courses will give you an excellent working knowledge of not only the Cub Scout program but also working with Cub Scout-age youth.

<u>CUB SCOUT PROGRAM CHANGES – INFORMATION/ORIENTATION SESSION</u>

CUB500# Cub Scout Program Changes – Information/Orientation Session: A number of significant changes to the Cub Scout program are coming. They will be effective on June 1. On that date, all Cub Scout packs nationwide are to adopt these program changes and begin implementing them in their delivery of the Cub Scout program to the youth they serve. This course is a Cub College-wide information and orientation session concerning these coming significant program changes.

LEVEL 100 COURSES

- CUB100# The Cub Scout Within You: Come rediscover the Cub Scout in you and allow yourself to have fun as a leader. Learn why you should become a Scouting evangelist and how to summon the creative powers within you all to make a difference in the life of a boy or girl and yourself. Please be prepared to "check" your adult self at the door!
- CUB101# Through the Eyes of Youth the Perspective of a Growing Cub Scout: This course takes an indepth look at youth, including their ages-and-stages, with the aim of building a better program through an increased awareness of characteristics, motivators, interests, and needs of the growing Cub Scout. We will talk about their sense of exploration and discovery, their love of adventure and excitement, and their desire for recognition. This course is for all leaders who work directly with youth.
- CUB102 <u>Lions and Tigers, Oh My! An Orientation for Den Leaders and Adult Partners</u>: Without incoming Lions and Tigers, along with their adult partners, packs will not grow. The Lion and

Tiger programs serve as a fun and easy introduction to Scouting and as a motivating tool for long-term Cub Scouting participation. Come find out how to best use Lions and Tigers as an exciting start along the Scouting trail for young Scouts and their parent partners.

- CUB104 Recruiting and Retaining Cub Scout Leaders: Recruiting and retaining Cub Scout leaders is vital to improving the quality and diversity of the program and growing the pack. Yet recruiting new leaders and retaining good leaders from year to year are more challenging than ever. This course will offer useful recruiting ideas and techniques for finding potential leadership talent within your pack, and for approaching and cultivating prospective volunteers. The course will discuss retention of quality adult leadership, including the importance of communicating, recognizing, and rewarding successful adult leaders as the pack's most vital program implementation resource.
- CUB121# Mistakes Packs Make and How to Avoid Them: Learning from mistakes is the only way to grow as a leader and as a pack. Come learn from the experiences of others to help you build and improve upon your program at the pack or den level. We will talk through commonly encountered dilemmas and missteps and explore strategies for avoiding and correcting them.
- CUB125 Den Leadership and Program Planning Principles: Advance planning is the key to success in any venture, including Cub Scouting. We'll discuss scheduling, organizing, planning, and budgeting den activities that support and build character, citizenship, and fitness; help your Scouts make progress toward rank advancement; and ensure everyone is having fun! We'll address the importance of working in concert with pack and committee leadership and working as a team with parents and families, effectively sharing leadership to improve the quality of the den program. We will also cover effective planning and execution of den meetings, including the importance of a well-planned agenda, engaging scouts in creating den rules, assigning leadership roles to scouts, managing scout behavior, finding creative projects consistent with ages-and-stages, preparing scouts for participation in the monthly pack meeting, using Den Chiefs, the importance of the Den Leader minute, engaging parents to help, and more.
- CUB185 The Den Chief Role Model: The very best role model for Cub Scouts is a Den Chief, because Cub Scouts want to become Scouts just like them! Learn why and how the Den Chief is a vital resource to the Den Leader, while at the same time becoming a strong leader and the very best recruiter for their troop. We will discuss Den Chief roles and responsibilities, the role of the Den Leader as a mentor to the Den Chief, the responsibility of the troop to work as a partner with the pack in selecting Scouts for Den Chief service, and the importance of communication and training. This course counts as either College of Cub Scouting or College of Scouts BSA credit toward University of Scouting degrees.
- CUB195 The Webelos-to-Scout Transition: The Cub Scout program is an adult-leader led, family-and community-centered program for youth in grades K through 5. The BSA Scout program is a Scout-led, outdoor-centered program for youth in grades 5 through 12. The transition between these two programs is rarely seamless, as Arrow of Light Scouts graduating into troops often face difficulty adjusting to the Scouts BSA program, the outdoor camping experience, the imperfections of youth leadership, and the self-reliance and initiative now expected of them. In the Cub Scout program, there is much for a young Scout to learn about character and virtue: friendliness, helpfulness, and cooperation. But Scouts BSA offers a new challenge and a changing emphasis on character development: an outdoor-centered leadership program that instills additional virtues such as self-reliance, perseverance, obedience, and cheerfulness under pressure. This course will examine the differences between the adult-led Webelos/Arrow of Light program and the youth-led Scouts BSA program, from a conceptual standpoint and in terms of program choices and leader practices. The course will provide ideas and recommendations to best prepare the graduating Arrow of Light Scout, and his parents, for the upcoming adventure of Scouts BSA. This is a two-session course, counts as two course credits.

LEVEL 200 COURSES

- CUB201 Cub Scout Environmental Science and Conservation: A commitment to environmental stewardship is part of a Cub Scout's duty to country and promise to help others. Come and learn how to teach your Cub Scouts about conservation though proper management of natural resources. Also, find out about conservation and environmental recognitions, including the Conservation Good Turn, World Conservation Award, Messenger of Peace, and, and how Scouts in each of the Cub Scout ranks can earn them.
- CUB206 <u>Cub Scouting with Special Needs</u>: This course will address how to deliver a safe, fun, meaningful, and exciting den and pack program to the Scout with special needs and his fellow Scouts. Communication, understanding, and patience are the keys to interactions and developing relationships.
- CUB209 The Committee Roles and Responsibilities: Many packs do not have, or may not understand the importance of, an active pack committee to fully support the unit's Cub Scout program. Others may not clearly understand the distinction or linkage between pack committee and pack program functions. We will delve into the duties of the committee and the roles committee members play in supporting the delivery of the Cub Scout program.
- CUB210 The Committee Financial Resources: Packs need money to operate and grow there's Scout Life, re-charter fees, insurance, Cub Scout advancement awards, leader awards ... and let's not forget the annual Blue and Gold Banquet. We will discuss pack finances for the layperson and why it is important to the quality of your program for your unit to be financially healthy. We will explore budgeting, fundraising, account management, reporting, and planning and authorizing expenditures.
- CUB211 Character Development Through Cub Scouting: One of the main objectives of Cub Scouting is character development. We will examine the nature and quality of good character and emphasize the importance of practicing the virtues embedded in Scout Oath and Scout Law as Cub Scouts grow and learn. Practical program and activity suggestions will be offered to help Cub Scouts improve their character.
- CUB212 A Cub Scout's Duty to God: A Cub Scout's duty to God is the motivation and guide for his or her character development. We will consider why duty to God is a cornerstone of Scouting and discuss ways to encourage duty to God through Scouting, including use of the Religious Emblems Program.
- CUB220 Outdoor Ethics for Cub Scouts: From the very beginning, the Boy Scouts of America has pledged conservation and respect for the environment as an essential component of good citizenship. Today, as more and more people enjoy the benefits of our nation's natural resources, additional pressure and urgency is brought to bear on outdoor ethics to ensure our beautiful natural spaces remain unspoiled for current and future generations. This course will cover Cub Scout outdoor ethics centered on the Outdoor Code. Front-country guidelines will be emphasized, including conservation expectations, outdoor manners, and minimizing campsite waste and trash.
- CUB231 Planning and Leading Cub Scout Campfires: Campfires are a Scouting tradition as venerable Scouting itself. Campfires should create life-long memories for your Scouts as they reflect on the friendship of their fellow Scouts and become receptive to Scouting's deeper meanings. But fun and meaningful campfires should be planned. We will cover how to make the most of the campfire experience, including preparing an agenda to set the proper tone and tempo; campfire do's and don'ts; and sources for campfire songs, skits, and Cubmaster/Den Leader minutes.
- CUB240 Recognizing the Achieving Cub Scout: Scouting, like life, is a meritocracy; when time, thought, effort and dedication are devoted to accomplishing a goal the right way, and that goal is achieved, recognition is inevitable. Recognition serves as a motivator to the recipient and his or her peers. We will discuss Cub Scout achievement, advancement and service awards and award programs, meaningful and fun award ceremonies, and the Cub Scout uniform, which constitutes a billboard for

all that the proud Cub Scout has accomplished. We will also cover how best to address service project recognitions in light of BSA's ethical principle of not accepting compensation for Good Turns.

- CUB247 Recruiting and Retaining Cub Scouts: A successful pack is known by its ability to recruit new Cub Scouts every year, and by its ability to retain its Scouts from year to year. This course will examine how successful packs are able to consistently recruit and gain new Cub Scouts, through successful recruiting drives such as Join Scouting Night, and by recruiting on an on-going basis. The course will also examine how the successful pack is able to retain and advance its Cub Scouts each year, by ensuring Cub Scout growth and achievement through its fun and exciting pack and den programs. The course will establish the relationship between successful Cub Scout recruiting and retention and meeting the character, citizenship, and fitness goals of the Cub Scout program.
- CUB252 The Watermelon Project Keep it Simple, Make it Fun: The Cub Scout games and activities that are the most fun and impactful can also be the simplest! Come learn about The Watermelon Project, KISMIF (keep it simple and make it fun) in action! Simple, quickly arranged games and activities using readily available items help Cub Scouts grow while having all kinds of fun. Hey! It's also leading by example no Scout should ever sit and sigh, "I'm bored," when the stuff of fun is all around us. PS: FUN recruits Cub Scouts! It's a fact!
- CUB273 Planning and Leading Cub Scout Ceremonies: Cub Scout ceremonies need to be more than a plastic bag with pins and belt loops, a quick handshake, and a "Good job, Tommy!" Great ceremonies can create memories that will last for years and inspire Cub Scouts to pursue new challenges and achievements. We will address the importance of ceremonies in meeting Cub Scout goals, and the fact that Cub Scouts will only attach as much significance to an award as their adult leaders do. We will explore the elements of a great ceremony, the types of Cub Scout ceremonies that are available, and how to incorporate BSA virtues into dynamic ceremonies that become powerful incentives to Cub Scouts to continue the Scouting journey.
- CUB288 Adventure Awaits! The Cub Scout Camping Spectrum: Cub Scouts want to go camping! Baden-Powell said, "Camp is what the [youth] looks forward to in Scouting." And, at every age and rank in Cub Scouts, there are camping opportunities. In this course we will walk through the camping opportunities that comprise the spectrum, from lock-ins, day camps, pack overnighters, resident camps, Council-sponsored family camping, Webelos-Rees, Webelos den camping, and joint Webelos den-troop camping. We will cover the importance of camping in meeting Scouting goals of character development, citizenship, personal fitness, and leadership development. We'll discuss where each type of camping fits within Cub Scout ages-and-stages. We'll talk about planning and preparation, BSA policies, BALOO training, campsite selection within the Council's approved list of camping venues (and how to add a site to the list), parent participation, planning a program of activities, opportunities for exploration (including historical sites, the wonders of nature, etc.), and camping as preparation for transition to Scouts BSA. We'll also talk about difficulties Scouts (and parents!) frequently encounter adjusting to camping for the first time, and how to help them overcome them.

LEVEL 300 COURSES

CUB300 Pack Leadership and Program Planning Principles: In the successful Cub Scout pack, the pack's leadership plans and provides a program of fun and exciting pack meetings and activities that create lasting memories for its Scouts and families, and that encourage others to join the pack. We'll discuss scheduling, organizing, planning, and budgeting year-round pack activities and pack meetings that complement den programs and support the aims of Cub Scouting – building character, learning the responsibilities of citizenship, and developing personal fitness. The Cubmaster cannot design, plan, and execute the entire pack program alone; we will discuss delegation of duties and working as a team to provide the best possible pack program for your Scouts.

- CUB304 Cub Scouting in the Outdoors: Everybody knows that most of "Scouting" is "outing"! Your pack and den programs should include many activities to discover and explore our natural world and our American heritage. We will discuss why the outdoor program is critical to Scouting, and how an outdoor camp provides the ideal setting in which to learn how to live by the moral principles of the Scout Oath and Law. We will also cover the various types of exciting outdoor adventures that should be available to your Scouts: camping, campfires, day hikes, historic landmarks and trails, exploration of nature and the night sky, even outdoor service projects. Pack and den meetings should outside as well as inside!
- CUB312 Acclimating New Cub Scouts and Parents to Your Pack: Often, newly registered Cub Scouts and their parents are excited to join a pack but know little about how Cub Scouting works. This course will discuss the roles of the New Member Coordinator, Cubmaster, and Committee Chair in welcoming new families to the pack and acclimating them to Scouting goals and pack activities and operations as soon as possible, so they can start having fun while fully realizing the benefits of the Cub Scout program.
- CUB315 Making Cub Scout Day Camp Count: As a leader attending Day Camp with your Cub Scouts, your task is to "make the experience count." Many Cub Scouts look forward to the fun of Day Camp all year long; Day Camp offers them an outdoor experience geared to their ages-and-stages and a springboard to further camping participation, in pack overnighters, Cub Scout resident camp, and Webelos den camping. But for the magic to happen there are forms to fill-out, gear to bring, transportation arrangements to be made, walkers to schedule... as well as Cubs to manage, adventure requirement completions to record, and camp achievements to celebrate. In this course we will discuss everything they don't tell you about attending Day Camp, from coping with the weather to maximizing Cub Scout participation to ensuring health and safety, all while having a fun! We will address how you can use the activities at Day Camp to bring the goals of scouting (character development, citizenship training and personal fitness) to life for your Cub Scouts.
- CUB325# Beyond Basics A Cub Leader's Guide to Advanced Training: Every Cub Scout leader seeks to make the best use of the time, talent, and effort they devote to their den or pack. They want to "do it right" from the start, while making the most of the limited time available to them to learn how. The secret behind every successful Cub Scout leader is going beyond the basics. Training is there for YOU! REGISTRATION INFORMATION

- 1. Registration for the 2024 NCAC University of Scouting can be done in one of two ways, online or onsite. Advance registration is done online with the Council website ncacbsa.org/uos. Paper registrations will not be accepted. Onsite or walk-in registrations are strongly discouraged. Registration cost by February 18, 2024 is \$50 for students and all others including instructors and staff taking classes. The registration fee for instructors and staff not taking classes is \$35. Registration for the virtual university is \$50.00. Midway and museum staff, not otherwise receiving lunch tickets should register as staff as above. Late Registration and Onsite registration cost is \$75. Instructors registering only to teach classes may not register to attend other classes. Regardless of fee, Instructors should not register as attendees of the classes they teach, as doing so takes an available seat away from a prospective attendee.
- 2. Online registration with NCAC is highly encouraged. The alternative is late registration or registration onsite the day of the University at \$75.00
- 3. All courses offered by the University of Scouting are suitable for all Scouters unless the course description specifically defines the target audience. College of Adventure courses are also open to Venturing age youth except for the adult leader training courses (VAPST and VCST). Read the entire catalog carefully.
- 4. Each College offers numerous courses. Read the descriptions carefully to evaluate course content considering your needs and desires.
- 5. Before going online to register, be sure you understand the degree requirements for the College you choose as your primary. If you choose to earn a degree, the University requires you to identify your primary College.
- 6. Participants may attend courses offered by any College; however, each College requires completion of a specific number of courses in that College to earn a degree. Courses are limited to the number of seats in a classroom (no standees) to facilitate learning and student participation. Walk ins at the University of Scouting will be placed into unfilled courses on the basis of availability basis.
- 7. Note that a specific course in the Course Schedule is linked to one or more Class Periods for example CUB101 is offered in Periods 2 and 6; and CUB401 is offered only in Period 4. Check your choices carefully to ensure you have selected one course for each of the six periods.
- 8. Note that the length of some courses spans more than one period.
- 9. Standalone courses do not qualify for a degree in any College. A training card will be awarded for BSA training courses. University Standalone courses may be awarded a certificate of completion. Standalone courses will accommodate all who register; you do not need to choose backup courses.
- 10. Register securely online at www.ncacbsa.org/uos.
- 11. When registering online, select all your classes first. Then starting with the first period, register your classes in order by periods. The classes are locked in when you register.
- 12. Online registration is validated prior to the preparation of your course schedule if issues surface the UoS Registrar may contact you. You may contact the UoS Registrar at dschool.com.

- 13. When you arrive go to the Registration Area and check-in. You will receive a Student Information packet with the Provost's Welcome letter, University's Directory, schedule for the day, your class schedule, map showing the school's rooms, evaluation form, a 2023 UoS patch and your lunch ticket.
- 14. Student recognitions: Your Attendance certificates and/or Bachelor of Scouting Science or Master of Scouting Science degree diplomas will be in your information packet. Students receiving a PhD degree will have it presented at the special ceremony at the Closing. Those who have completed their PhD Degrees in all three colleges will receive special recognition.
- 15. Instructors and Staff taking courses should register for the classes they want to take. Instructors should NEVER register for the classes they are teaching, whether or not they are also taking other classes.
- 16. Information packets for Instructors, College Deans and University Staff (with special instructions and a patch) will be available at the registration area "Staff Table" in the school lobby. Instructors are requested to check in with their College Dean in his/her assigned office (room). Information packets for non-instructional staff will be available in the Registration area "Staff" table.
- 17. The University reserves the right to cancel courses or make appropriate changes in order to accommodate the largest number of Scouters.
- 18. Late registrations or Walk-in registrations are NOT encouraged. The non-discounted registration fee is \$75.00 payable when you register for classes late or onsite Saturday morning. Onsite registration for classes is time consuming, you may not obtain the classes you want, and you may not be able to attend the first period. Please pre-register online by February 18, 2024.
- 19. Onsite registration students report to the Registrar's table in the Registration Area and follow the instructions provided to select your courses. Arrive with a list of classes and alternates for each period. Class schedules along with generic informational packets will be available at this station when onsite registration has been completed.
